

Congratulatory Remarks for 5th Anniversary

Journal of Eastern European and Central Asian Research

Dear JEECAR Editorial Board and Contributors:

On the occasion of the Journal's 5th Anniversary, please accept my best wishes. In a short period, you brought the journal to be recognized by the SCOPUS, CABELL, EBSCO, Ulrich, and other academic databases. The Journal advances scholarship knowledge and actively contributes to the better understanding of the global society and economy.

The special focus on Eastern Europe and Central Asia is a crucial one. This unique journal is an ideal place for international business research with a focus on trade, finance, and international affairs related to Russia, Kazakhstan, Poland, Serbia, Slovenia, Ukraine, Uzbekistan, Georgia, and other economies of the Eurasian region. By exploring global value chains, foreign direct investment, global strategies of multinational companies operating in the region, innovation, business ethics, and cross-cultural management issues, the Journal provides an invaluable resource for business leaders, the academic community, and investors across the globe.

An academic peer-reviewed research publication of the Journal of Eastern European and Central Asian Research and its unique perspective became an essential source for understanding the region and strengthened the ties of the Western and Eastern academic and business communities interested in it.

The Webster University is proud to be the Journal's active supporter and advocate, and I look forward to the prosperous future of the Journal and wish you the best in this new endeavor.

Best Regards,

A handwritten signature in black ink, appearing to read "Julian Z. Schuster". The signature is fluid and cursive.

Julian Z. Schuster, Ph.D.
